You are cordially invited to a WECC Subregional Transmission Planning coordination meeting on February 11, 2008 in Phoenix, Arizona. The purpose of the meeting will be to explore means by which the WECC STP's can best coordinate and synchronize their transmission planning efforts. A draft agenda will be prepared and circulated over the next two weeks. I suggest this meeting be noticed on our respective WECC and STP websites with the final agenda by January 31. A phone bridge will be provided.

The meeting will be held at the Arizona Public Service Company facility at 502 S. 2<sup>nd</sup> Ave in Conference Room 1 between the hours of 9:30 AM – 3:00 PM local time (MST). An area map of the APS facility is attached.
